

Privacy policy «Memory Light»

Confidentiality of your information is important for us, and we wish to protect it. These rules were developed for ensuring compliance to the Law on personal privacy (1974), to the Law on protection of personal information and electronic documents, and also other relevant legislation. If, according to the legislation, the additional measures of protection which are not defined in the present document extend to you, we are ready to take such actions for full ensuring the specified additional protection.

Service provides compliance of the American and European Concept of the "safe harbor" established by the Ministry of Trade of the USA together with the European commission and also the American-Swiss Concept of the "safe harbor" established by the Ministry of Trade of the USA together with the Federal commissioner of Switzerland on data protection and information concerning collecting, use and storage of the personal information coming from EU Member States and Switzerland.

Using services of the website memoanimals.com (further Service), the user expresses the consent with Privacy policy. The website reserves the right to make changes to Privacy policy at discretion. The user takes the responsibility for acquaintance with the updated version of Privacy policy according to which instructions for use are regulated by the Website.

GENERAL PROVISIONS

Main points of Privacy policy:

1. Service collects some private information on the user, however, the user himself decides in what volume to provide it.
 2. Service undertakes not to sell and not to provide personal data of the user to the third parties, under no circumstances.
 3. Service can use personal information of the user to contact him/her for the purpose of offers, news, and also other information which is of interest to users.
- Please, study the full text of the Privacy policy.

Collection of private information

When using some services provided by the Service, it suggests the user to provide certain private information by means of filling out the Form. The decision on using similar services or refusal to use them is accepted by the user. In case the user wants to use these services, the Service can ask him/her to provide personal data, for example, his/her name and surname, the e-mail address, the phone number and other information identifying the user.

By providing information to the Service the user agrees that this information is stored and processed by the Service.

- 2.1. Using the website of the Service by the User means his/her consent with the real Privacy policy and conditions of personal user information processing.
- 2.2. In case of disagreement with Privacy policy terms the User has to stop using the website of the Service.
- 2.3. The given Privacy policy is applied only to the website memorylight.net. The Service does not control and does not bear responsibility for the websites of the third parties on which the User can get by clicking on the links available on the Service website.
- 2.4. The administration of the website does not check reliability of the personal information the Service was provided with by the User.

3. PRIVACY POLICY SUBJECT

3.1. The given Privacy policy establishes obligations of Administration of the Service website for nondisclosure and providing the mode of protection of confidentiality of personal information which the User provides at the request of Administration of the website while getting registered on the Service website.

3.2. Service protects Data which are automatically transferred while web pages are being visited and the statistical script of system is established:

- IP address;
- information from cookies;
- information on the browser (or other program which provides access to advertising display);
- access time;
- the address of the page on which the advertising block is located;
- referent (address of the previous page).

3.2.1. Shutdown of cookies can entail impossibility of access to the parts of the Service website demanding authorization.

3.2.2. The Service carries out collecting statistics about IP addresses of the visitors. This information is used for the

purpose of identification and the solution of technical problems, for defining the language version of the website.

4. PURPOSES OF COLLECTING USER'S PERSONAL INFORMATION

4.1. The Administration of the Service website can use personal user information for:

4.1.1. Identification of the User registered on the Service website.

4.1.2. Providing the User with access to the personalized Service Website opportunities (editing the personal page, loading/removing the content, removing the page).

4.1.3. Establishing the User feedback, including the direction of notices, the inquiries concerning use of the Service website, rendering services, processing inquiries and applications from the User.

4.1.4. Providing effective client and technical support to the User in relation with problems connected with the use of the Service Website.

INFORMATION WHICH YOU PROVIDE US DIRECTLY

- the name and surname of the user
- e-mail address (e-mail)
- phone number
- the user's content, messages and other materials which you upload to the Service Website
- country and city of the User residence.
- any other personal information which you voluntarily provide us with

HOW DO WE USE YOUR PERSONAL INFORMATION?

We can use your personal information in order to:

- contact you concerning products and services which can be of interest to you
- answer your questions or comments

ENSURING PROTECTION OF YOUR PERSONAL DATA

We undertake all reasonable measures of precaution for safety of your personal data and we demand the same from the third parties who analyze or process your personal information for us. Access to your personal data is limited for prevention of unauthorized access, change or unauthorized use, and allowed only for our employees on the basis of the principle of office need.

When the user enters the data, they become visible only to him/her and the Service administrator.

Possibility of the choice: For the purpose of confidentiality, the user is not obliged to provide us with information which can cause any inconveniences. However, use of the Service resources is impossible without providing some personal information which is obligatory.

If you have questions, comments or remarks on how we process your personal information, you can contact us by having written to the administrator.

You have a right to tell us if you:

- would like to correct, update or remove your personal data from our archive,
- want to report about unauthorized use of your personal data

Use of cookie-files

One of the main objectives of the cookie files is the saving of time of the user. To improve the work of the website, the Service uses cookie-files for the accounting of visits of the user. Cookie is the information file of the small size which is transferred to the user's browser by means of the web server and can be identified only by the server which sent it.

Similar files cannot be used as the executed programs or for introduction of viruses.

Settings of the majority of browsers allow to accept cookie-files by default. The user can adjust the browser so that to receive from it the notice of emergence of the cookie-file. In that case the user has an opportunity to independently decide to accept or reject him. For some websites demanding authorization, cookie-files are obligatory. The users rejecting cookie-files on such websites, most likely, will not be able to use their resources.

We use cookie-files for the accounting of visits made on the Service. This type of data does not allow to identify the user personally, i.e. his anonymity will be kept if only he does not provide to Service information on himself.

Protection of personal information

We keep the data specified by you in the database and we protect them further from receiving by the third parties. We use them only for providing users with the declared services.

Claims concerning confidentiality

If the user had an opinion that Service did not fulfill the obligations for observance of this Privacy policy, he/she can send the letter with the complaint, using a form for communication.

In the letter it is necessary to describe most in detail how Service, according to the user, broke Privacy policy. All complaints will be considered properly.

If the user does not agree with the Service Confidential Policy, then he is not recommended to use the Service.

E-mails

Service has the right to send the informational message and Service news to the Buyer .
